

All Nations Tribal Outreach

Our Vision is changing lives through leadership training and compassion ministries

Widows and Orphans Feeding Program

Project 2: All Nations Evangel Church Building Project

History

We constructed a building 2 years ago and it was used as a place of gathering for our Widows and Orphans Feeding program. With the growth of Christian believers, and by faith and partnership with local leaders, we are now ready to convert the structure to also be a church and glorify God together with them. It will be known as All Nations Evangel Church established with a vision to help feed widows and orphans.

Our Current Need:

As of today, we need \$3,500 to renovate and move into our new church building. This stage of the church building project is very important to us because believers can praise God for completing a project with His help and the generosity of others.

FUNDS WILL GO TOWARDS:

1. Building Brick Walls
2. Put in Lentil
3. Additional Pillars for strength
4. Put concrete to cover walls.

Total cost:3,500

Message from Founder:

In both projects, the believers helped work with their own hands to make phase one possible, showing their great zeal for the Lord and their vision in ministry. I am personally seeking several churches and individuals - or even one - who can help us fulfill these visions. Please pray for us. May God lead you, and may you consider helping us continue to make disciples of Christ in India.

Thank you,
Rev. Finley Philipose
